PRESS RELEASE

FEMCO Holdings, LLC Announces the Recent Appointment of its Atlanta, GA location as an Authorized Repair Facility for KPI-JCI and Astec Mobile Screens.

PITTSBURGH, PA – February 13, 2018 – FEMCO HOLDINGS, LLC, a leading national machine repair and manufacturing company, is pleased to announce an agreement has been reached with KPI-JCI and Astec Mobile Screens, whereby FEMCO's facility located in Atlanta, GA shall serve as an Authorized Repair Facility (ARF) in the Southeast region of the United States and thus be enabled to provide factory authorized maintenance, repair, and warranty service on KPI-JCI and Astec Mobile Screens equipment.

Kolberg-Pioneer, Inc. (KPI), Johnson Crushers International, Inc. (JCI) and Astec Mobile Screens, Inc. design, manufacture and sell a complete line of crushing and screening, conveying, washing and classifying and track-mounted equipment and parts. KPI-JCI and Astec Mobile Screens sell and support these products through authorized sales representatives and authorized distributors ("dealers").

Commenting on the agreement, FEMCO VP of Operations, FEMCO - GA, Michael McClure said: "Through this agreement FEMCO – GA becomes one of two, authorized FEMCO facilities (Georgia & Pennsylvania) that serves the KPI-JCI and Astec Mobile Screens' dealer network east of the Mississippi River, to provide maintenance, repair, and warranty services on the equipment. FEMCO will further develop relationships and opportunities with the dealers and deliver value. Our facility in Atlanta, GA has over 59,000 square feet of shop space, including the largest lathe in the region with a 12' diameter swing x 40' between centers."

Kevin Gokie, Group Product Support Manager of KPI-JCI and Astec Mobile Screens added: "On occasion, the maintenance and repair services required for KPI-JCI and Astec Mobile Screens products are of a scope, size or nature that requires larger facilities, machining capabilities, or other expertise that cannot be obtained in the field or otherwise provided by a dealer. FEMCO, as the authorized KPI-JCI and Astec Mobile Screens Service Center, will offer Factory PRO trained technicians equipped with manufacturer support & precise data, allowing for efficient repairs that meet KPI-JCI and Astec Mobile Screens original specifications. We are confident that FEMCO can and will provide a high-level of service and quality for our dealers."

FEMCO is a national company providing technical expertise and solutions to the aggregate & mining, construction, industrial manufacturing, oil & gas, and recycling

industries. FEMCO delivers repair, manufacturing, and field services, 24-hours-a-day, 7-days-a-week emergency response. Visit us at: www.femcomachine.com
